

BLUE SPADE GREENHOUSE

Sales & Production Technician

Not afraid to get your feet wet or your hands dirty? A little heat doesn't make you wilt? Have a goal of reaching 10,000 steps in a day? Consider it done.

We are looking for a creative, energetic person for our new *Sales & Production Technician* position. This opportunity will allow you to contribute to an environmentally conscious business, learn lifelong skills, enjoy lots of fresh air, and use your creativity.

DESCRIPTION OF DUTIES/RESPONSIBILITIES

Reporting to the General Manager, the Sales & Production Technician has the following duties:

- Production: transplanting, mixing soil, filling & planting containers, moving potted plants
- Irrigation: watering, fertilizing
- Plant maintenance: deadheading, pruning, replanting
- Housekeeping: maintaining a clean growing environment, reorganizing benches
- POS operations: sales transactions, assisting with opening/closing duties
- Customer service: greeting, assisting customers with plant selection, boxing/packing purchases, loading customer vehicles

QUALIFICATIONS/EXPECTATIONS

A flair for customer service, a positive attitude and a willingness to learn are integral to our business. The applicant must and be fairly flexible with daily duties. This position can be physically demanding; applicants must be able to lift up to 50 pounds, and be able to stand, bend, and crouch for extended periods. Knowledge of plants and ability to work on weekends would be considered an asset.

Length of employment: 14 weeks, March 30 - July 5; 40 hours/week
Hourly rate of pay: \$20.00/hour
